

THE SEARCH FOR THE SMARTEST PERSON ON EARTH:

An open international competition ending at 1,000,000 entries (or upon the first perfect score). The person with the highest raw score at that time, on this extremely difficult intelligence test, will be declared the official winner. If required, a tiebreaker will ensue to find the Alpha Mind.

WORLD I.Q. CHALLENGE

Designed by Brennan Martin - New Zealand's Smartest Man

This experimental high-range I.Q. test (Gc) aims to measure the heavens of human intelligence. Standard psychological tests are inadequate and undesirable for measuring super high genius I.Q.s.

For rarefied individuals gifted with extremely high intelligence, innovative and revolutionary tests must be utilised in order to measure them.

To that end, this painstaking and severely difficult test is the result.

INSTRUCTIONS:

- (1a) Registration (scoring) fee is \$25 (USD).
- (1b) **Fee is waived under SPECIAL CONDITIONS.**
- (2) One attempt only per person is permissible.
- (3) Answers to verbal questions are a single word.
- (4) Answers to verbal questions **MUST** be printed in UPPERCASE.
- (5) Every question has exactly one clear, precise and complete answer.
- (6) Requisite knowledge for numerical questions is moderate. Not easy.
- (7) Numerical questions are solved mathematically. No verbal reasoning.
- (8) No penalty for incorrect answers. Take an educated guess when unsure.
- (9) One point is earned per correct answer. The maximum possible score is 18.
- (10) Alternative answers will not be scored. Submit one answer for each question.
- (11) Misspellings are technically incorrect. Zero credit is awarded for any such thing.
- (12) Supplementary remarks and critical suggestions are welcome with one's submission.
- (13) Reference materials are allowed. This precludes help from other people. Work alone.
- (14) Without having individual item statistics at hand, items are not arranged by difficulty.
- (15) Additions or corrections to answers once submitted are not possible. Choose carefully.
- (16) All questions are 'standard'. No cryptic, code breaking or otherwise 'alien' methodology.
- (17) Answers must be optimal for a given set of clues (e.g., "HOSIOI" is invalid for Question #9).
- (18) There is no enforceable time limit. Fifty hours minimum investment is highly recommended.

HOW-TO PRINCIPLES:

- (1) **Solving an analogy:** FEATHER is to (:) PENNIFORM as (::) PAINTBRUSH is to (:) PENCILIFORM
- (2) **Solving an association:** (SCANDINAVIA, EXTRATERRESTRIAL, SKIING) resolve to (:::) NORDIC
- (3) **Solving a sequence:** 3, 1, 4, 1, 5, 9, (2) Remark: Digits of Pi.

SUBMISSION PROCEDURE:

(1) In order for submissions to be officially registered: the required forms 'biographical data and registration' and 'prior test scores for norming and standardisation' need to be completed and duly sent with the 'answer sheet', and test fee payable via PayPal to:

BRENNANHARPERMARTIN@GMAIL.COM

(2) Score report (containing raw score and preliminary I.Q. score for $N = <30$) follows by e-mail normally within two weeks. For normalisation: prior supervised and experimental test scores data is appreciated, as applicable. Please read the TERMS OF SERVICE POLICY for more information.

PUBLICATION POLICY:

(1) Publication and distribution of any answers of this test by any person, on any medium, regardless of correctness, will result in legal prosecution through the NZ Magistrates' Court.

(2) Publication of test content without the author's written consent will also incur prosecution.

LEGAL DISCLAIMER:

(1) This unsupervised, protoscientific test should be viewed as an estimate of one's crystallised mental potential. Questions are not culture-fair in the strictest sense. No claims about the accuracy, reliability or validity of this test or its author are to be made, expressed or implied.

(2) One's results should not to be interpreted in a health, medical or psychological context.
